DOCUMENT RESUME

ED 352 709 EA 024 509

AUTHOR English, Fenwick W., Ed.
TITLE Trouble Shooting Guide: Index to Problems and Solutions. Successful Schools: Guidebooks to Effective Educational Leadership. Volume 10.
PUB DATE 92
NOTE 63p.; For other volumes in set, see ED 351 802-807 and EA 024 506-508.
AVAILABLE FROM Corwin Press, Inc., 2455 Teller Road, Newbury Park, CA 91320. Available only as part of the 10-volume set (Stock No. D2031-6031-X; $99).
PUB TYPE Books (010) -- Reference Materials - General (130)

EDRS PRICE MF01 Plus Postage. PC Not Available from EDRS.
DESCRIPTORS *Administrator Effectiveness; Administrator Responsibility; Administrator Role; Development; Educational Administration; Elementary Secondary Education; *Leaders Guides; Leadership; Leadership Responsibility; *Problem Solving; *School Administration; School Effectiveness

ABSTRACT

An index to the problems and solutions discussed in the the first 9 volumes of the 10-volume series, Successful Schools: Guidebooks to Effective Educational Leadership, is provided in this handbook. This "troubleshooting guide" lists topics in alphabetical order, describes the issue, and lists the corresponding volume and page number. (LMI)

TROUBLE SHOOTING GUIDE

SUCESSFUL SCHOOLS
Guidebooks to Effective Educational Leadership
Fenwick W. English, Series Editor

1 MAPPING EDUCATIONAL SUCCESS
Strategic Thinking and Planning for School Administrators
Roger Kaufman

2 SHAPING SCHOOL POLICY
Guide to Choices, Politics, and Community Relations
Karen S. Gallagher

3 AVOIDING LEGAL HASSLES
What School Administrators *Really* Need to Know
William A. Streshly, Larry E. Frase

4 DECIDING WHAT TO TEACH AND TEST
Developing, Aligning, and Auditing the Curriculum
Fenwick W. English

5 MAXIMIZING PEOPLE POWER IN SCHOOLS
Motivating and Managing Teachers and Staff
Larry E. Frase

6 MEETING THE NEEDS OF SPECIAL STUDENTS
Legal, Ethical, and Practical Ramifications
Lawrence J. Johnson, Anne M. Bauer

7 MAKING SCHOOLS WORK
Practical Management of Support Operations
William K. Poston, Jr., M. Paula Stone, Connie Muther

8 POWER TO THE SCHOOLS
School Leader's Guidebook to Restructuring
William J. Bailey

9 LEADING INTO THE 21st CENTURY
Fenwick W. English, Larry E. Frase, Joanne M. Arhar

TROUBLE SHOOTING GUIDE

A

Accommodations
- What are reasonable accommodations? 6.1-2

Accountability
- Alternatives to accountability systems 8.22, 8.24
- Change in accountability systems 8.109-110

Accreditation
- Traditional accreditation versus curriculum auditing 4.116-117

Achievement Tests
- Alternatives to achievement tests 8.9, 8.109-110

- Effects of restructuring on tests scores 8.126

ADD (Attention Deficit Disorder)
- Are children with ADDH or ADD covered by Public Law 94-142? 6.24
- General guidelines for behavior management medication for children 6.25
- May school personnel urge behavior management medication for children? 6.25

Advisory Group
- Representation 8.34-35
- What are its uses? 8.34-35

AIDS (Acquired Immunodeficiency Syndrome)
- Are children with AIDS covered by Public Law 94-142? 6.23
- Do children with AIDS place their peers at risk? 6.23
- Must children with AIDS be educated with their peers? 6.21

Analysis, Qualitative Tools for,
- Applying scenario writing to analyze by decision criteria 2.79
- Comparing policy alternatives to identify political realities 2.81
- Describing worst-case scenarios 2.80
  See also Function Analysis; Methods-Means Analysis; Needs Analysis; Political Analysis

Ancillary Services
- Planning for ancillary or support operations 7.44

Architect Selection
- Selecting architectural firms objectively 7.118

At-Risk Student Programs and Services

- Accessing programs for widely diverse students 7.35
- Coping with absenteeism and tardiness 7.27
- Grouping options with at-risk populations 7.29
- Team approaches in at-risk student programming 7.32

B

Backloading of Curriculum

- Determining whether one should "backload" 4.70-71
- Problems in "backloading" 4.89-90
- Steps involved with "backloading" 4.70-82

Back-of-the-Envelope Calculations

- Applied to attendance problems 2.38
- Determining unknown numbers 2.36
- Guessing 2.37
- Using experts to identify the problem 2.38
- Using reference sources to identify the policy problem 2.37
- Using surveys to identify the problem 2.37

Behavior Management
- What are common ways teachers can change student behavior as a part of their routine practice? 6.40-42
- What are some behavior management strategies? 6.40-42

Brainstorming
- Generating solutions to problems through group processes 2.63
- Setting up brainstorming sessions 2.63

Budget and Financing
- Can budget be kept at school site levels? 8.35
- What about budgeting in restructured systems? 8.103-104
- Will restructuring cost more money? 8.103-104
  See also Performance Budgeting; School-Based Budgeting

Budget Processes and Levels
- Comparing budget types and levels 7.162
- Differentiating among types of budget processes 7.165

Building Level
- Building-level responsibilities 8.31-36
- Training models 8.68, 8.104

Bureaucracy
- Bureaucracy is not working 8.2
- What's wrong with our current system? 8.3

C

CASA Model
- Avoiding overreliance on the rational model 2.16
- Defining the model 2.17
- Defining the problem 2.34-44
- Identifying policy problems 2.6-8
- Using the CASA model 2.6

Case Studies
- Examples 8.55-58

Central Office
- What happens to the central office? 8.36-39

Change Agents
- Who are the best change agents? 8.93-96

Change and Strategic Planning
- Basic steps in system planning 1.66-68
- Beliefs, values, and 1.83-85
- Changing our view of the world 1.6-9
- Comfort zone, when threatened by 1.21
- Critical success factors related to 1.69
- Partnerships in planning 1.22-25, 1.43-44
- Problems that persist 1.17-21

Change Matrix
- What are important components? 8.96-99
- What are key variables to change? 8.96

Change Model
- Review a model 8.104-106

Choice
- Is choice an option under restructuring? 8.16-19
- What if people want choice? 8.16-19

Collaboration
- What is a strategy for teacher collaboration? 6.66-68

Collective bargaining
- And restructuring 8.69-70

Collective Bargaining, Problems
- Agency fee is demanded by the union 3.99
- Cooperative labor relations seem possible 3.93, 3.100
- Exclusive representation election is requested 3.94, 3.95
- Fact-finder's report is unacceptable 3.98
- Grievances are numerous 3.100
- Grievances can't be settled 3.87, 3.90, 3.93, 3.100
- Impasse is reached 3.97

- Management rights are attacked by union 3.96
- Mediation is not successful 3.97, 3.98
- Negotiations stall 3.97
- Strike seems inevitable 3.94, 3.99
- Unions threaten illegal action 3.99

Communication Problems
- Why do we have communication problems? 8.5

Community Relationships
- Forming school-business partnerships 7.4
- Planning for beneficial results in community relationships 7.7
- Taking action for good school-community relations 7.3

Competency Testing
- Must special education students pass state competency tests to receive a diploma? 6.17

Compulsory Education, Grading, and Confidentiality
- Acceleration of a student is recommended 3.37
- AIDS victim enrolls 3.34
- Confidential records are requested by parents 3.42
- Contagious disease is contracted by a student 3.34
- Friend of the family wishes to discuss child's progress with school personnel 3.41
- Grades are lowered for violating school rules 3.40
- Home schooling is requested 3.35
- Immunization laws are not observed 3.34
- Married student enrolls 3.33, 3.38
- Parent demands child be removed from state required course 3.34, 3.36
- Placement of student is challenged 3.37
- Pregnant student continues to attend school 3.33
- Sex education class is challenged by parents 3.38
- Student refuses to attend school 3.33, 3.62
- Undocumented alien student requests admission 3.33

Computer, Communications
- Enhancing administration with telecommunications 7.144

Computer Hardware Selection
- Planning administrative configurations of computers 7.151
- Selecting computer hardware for schools 7.147

Computer Program Options
- Finding and using custom program applications 7.145
- Identifying types of applications and programs for schools 7.130
- Selecting software for instructional delivery 7.133
- Computer Technology in Schools
- Moving schools forward into technology 7.152
- Using computer technology in schools 7.126
- Confidentiality
- Can files of special education students be purged? 6.7
- Can parents look in files of special education students? 6.8

Conflict
- Can I control conflict? 8.4-10
- Is conflict part of change? 8.97
- Constitutional Problems
- Academic freedom is demanded by teachers 3.28
- Gender discrimination is charged 3.21
- Girls demand access to boys' sports 3.22
- Homosexuals complain of discrimination 3.26
- Non-English-speaking families demand schooling in their first language 3.23
- Norm-referenced tests are proposed 3.25, 3.40
- Parents demand unreasonable "rights" 3.28
- Prayer at graduation is requested by the class president 3.29

- Racial distribution changes create an imbalance in one school 3.20
- Religious group wants to hold prayer meetings on campus 3.29
- Severely handicapped child demands regular class 3.20
- Students wish to wear buttons or arm-bands to protest a hot political issue 3.27

Control

- Determining the barriers to improved control 4.1-2
- If centralization of control does not work 4.12-13
- If curricular requests are disappointing 4.3
- Importance of control in schools 4.108-109
- Improving quality control 4.12-13
- Relationship of structure to control 4.13-15
- Tyler Rationale 4.9

Councils, Administrative

- How they function 8.34-35
- Why form councils? 8.34-35

Critical Success Factors

- Strategic planning and 1.69

Critical Thinking Skills

- Defining critical thinking skills 4.29-30

Curriculum

- Constructing a curriculum unit 4.39-40
- Curriculum articulation/coordination 4.3-4
- Curriculum-driven budgeting, definition 7.164
- Curriculum engineering 4.23-25
- Defining elements of a curriculum guide 4.59-61
- Frontloading the curriculum 4.64-70
- Getting rid of "curriculum clutter" 4.10-11
- If teachers are fearful of being too specific 4.69-70
- Political considerations in developing 4.11-12, 4.30-32

- Selecting curricular topics 4.54
- Selecting outcome indicators 4.33-34
- Sequence of the curriculum 4.57-58
- What's new in curriculum? 8.72-78
- Who selects curriculum? 8.22, 8.36
  See also Performance Budgeting

Curriculum, Aligning

- Alignment via "backloading" 4.70-83
- Alignment via "frontloading" 4.64-70
- How to do curriculum alignment 4.83-89
- Recognizing content/context alignment 4.84-86

Curriculum, Auditing

- Key assumptions 4.99-106
- Procedures of auditing 4.95-99
- Standards of the audit 4.107-114
- "Unit of analysis" 4.104-106
- Whether one should engage in a curriculum audit 4.119-123

Curriculum Guides

- Determining the appropriate format 4.58-60
- Developing a "user-friendly" guide 4.41-44

D

Data Base Management
- Using data bases in school management 7.139

Data Collecting
- Macro-level planning, and 1.102-109
- Mega-level planning, and 1.72-87
- Micro-level planning, and 1.121-127
- Needs assessment, and 1.55-56

Decentralize Management
- Building people are not ready 8.28
- How far to decentralize 8.17
- What parts of the organization are affected? 8.16-19

- Why decentralize? 8.4-10

Decision Criteria

- Applying the bottom line in policymaking 2.48
- Considerations before restructuring 8.28-31
- Deciding whether technical feasibility criteria are important 2.46
- Focusing on critical criteria 2.14
- Helping policymakers understand the standards they use 2.45
- Implementing choices 2.52
- Recognizing commonly used standards for decisions 2.8
- Understanding the politics of decision criteria 2.50
- Using the six national goals 2.8
- Weighing decision criteria against policy choices 2.9
- Working with policymakers to prioritize criteria 2.53

Decision Making

- Applying rules for decision making 9.31-34
- Facing contemporary scenarios for decision making 9.4
- Finding the weakness of the rational decision-making model 9.37-39
- Identifying formal lateral decision-making options 9.49
  - bargaining 9.53
  - brainstorming 9.49
  - force field analysis 9.51-53
  - logrolling 9.53
  - morphology 9.49
  - synectics 9.50-51
- Identifying formal vertical decision-making options 9.40
  - algorithms 9.40-41
  - flowcharts and decision trees 9.42
  - heuristics 9.41-42
  - strategic planning/using futuristic trend data to define options 9.42
- Identifying informal vertical and lateral options 9.39

- Lateral decision making for creative responses 9.49-54
- Making decisions within the lateral mode 9.49
- Making decisions within the vertical mode 9.40
- Understanding rational decision-making theory 9.37
- Using algorithms in decision making 9.43
- Using groups in decision making 9.34
- Vertical decision making for traditional logical thinking 9.40

  See also Group Decision Styles

Decision Trees
- Capturing the essence of the problem 2.39
- Using decision trees to determine risks 2.39-41

Differentiated Staffing
- Are there new roles? 8.33, 8.41-43, 8.65
- Diplomas
- Must special education students pass state competency tests to receive a diploma? 6.17

Directions, Giving
- How can a teacher effectively clarify written and oral directions for special education students? 6.36-37

Discipline
- Abused student is reported 3.57
- Alternative punishments are called for 3.65
- Banning videotapes or other classroom materials is demanded 3.47, 3.49
- Behavior code is requested by parents 3.45
- Buttons, badges, or other insignia cause problems 3.49, 3.50
- Can special education students be expelled? 6.13
- Can special education students be kept out of school until an issue is resolved? 6.14
- Can special education students be suspended? 6.13

- Corporal punishment is required by school policy 3.65
- Demonstrations are organized by students 3.51
- Disciplinary procedures are challenged 3.55, 3.61
- Dress code is violated 3.50
- Drugs, alcohol, or tobacco invade the campus 3.60
- Expulsion is contemplated 3.48, 3.64
- Felony occurs on campus 3.55
- Fights are chronic on campus 3.56
- Firecrackers are set off 3.57
- Flag salute requirement is violated by student or teacher 3.50
- Gaining schoolwide consistency in discipline 7.101
- Gang colors and insignia appear on campus 3.50
- Groups demand that books be banned 3.52, 3.53
- Hazing freshmen is a school tradition 3.59
- Locker searches are proposed to suppress drug sales on campus 3.54, 3.55
- Mass student searches are proposed 3.55
- Overcoming inconsistency in enforcement of rules 7.98
- Privileges are removed for punishment 3.62
- Profanity, sexual references are used by students 3.51
- Staff is weak on student discipline 3.45
- Student publications are offensive to parents or staff 3.52
- Students defy school authority 3.61
- Suspension is appropriate punishment 3.48
- Theft or robbery is committed on campus 3.63
- Truant students defy attendance regulations 3.62
- Unapproved literature is distributed by students 3.49, 3.52
- Vandalism is a growing problem 3.59
- Weapons are brought to school 3.57

Diversity in the Twenty-First Century

- Using the ethnic diversity index 9.66
- Valuing diversity 9.43-49

Due Process, Special Education Students

- Can special education students be kept out of school until an issue is resolved? 6.14
- What is due process for special education students? 6.14

Due Process, Teachers

- Board says buy-outs cost more than dismissals 5.123-124
- Determining whether you're following due process 5.114-115, 5.121-122
- Due process seems incomprehensible, what is it? 5.104
- Early retirement and buy-outs of incompetent teachers seem unethical and the "wimp's" way out 5.123-124
- Induced exits: how to do them 5.123-124
- Substantive and procedural due process are confusing: What is required and why? 5.105
- Teachers claim that they do not have copies of the evaluation instrument 5.106-107
- Tenure seems totally unrealistic—it protects incompetent teachers 5.102-103
- Time for due process is lacking 5.103
- Union representative says you're not providing adequate resource assistance for a marginal teacher 5.112

E

Economic and Financial Possibility

- Applying the bottom line in policymaking 2.48
- Finding an alternative program that is cost-effective 2.49
- Measuring efficiency for cost-benefit analysis 2.49

Effective Leaders

- Applying communication skills 9.21
- Being the spokesperson 9.19
- Communicating the mission and vision 9.23
- Using charisma 9.21

Empowered System
- Does everyone do their own thing? 8.40-41
- Who leads an empowered system? 8.52-54

Empowerment, Differentiating
- Freeing teachers for extended duties 8.64-67
- Teachers' role limitations 8.64-67

Energy Management
- Conserving energy for economy 7.122

Enterprise Operations
- Operating money-making programs in schools 7.57

Environment, Healthy
- What are ways of establishing a healthy classroom environment? 6.28

Evaluation
- Can teachers police themselves? 8.68
- Formative evaluation 1.94
- Restructuring effects on the evaluation system 8.30, 8.34-35
- Summative evaluation 1.94-95

Expulsion
- Can special education students be expelled? 6.13

Extended Year Programs
- May a summer school program be listed as a service on the IEP? 6.18
- Must summer school programming be provided to special education students? 6.18

F

Facilities, Educational
- Acquiring and using design services and architects 7.116
- Evaluating adequacy in appraisal of school facilities 7.113
- Evaluating function and impact of school facilities 7.112
- Planning educational specifications 7.114
- Using and managing facilities to build educational quality 7.111

Faculty Vote
- Alternatives to voting 8.34

Family Problems
- Family blending 9.64

- Forecasting changes 9.59
- Realizing the impact of teenage mothers 9.64
- Recombinant families 9.62
- Relationships between family members 9.64
- Single-parent families 9.62
- Working with stress in families 9.73

Feedback
- Using test feedback to improve pupil performance on subsequent tests 4.111-113

Financing. *See* Budget and Financing

Food Services
- Administering a sound food service program 7.53
- Establishing a sound counting and claiming system 7.55
- Planning meals to meet requirements 7.53

Forecasting Tools
- Analyzing alternatives by cost-effectiveness strategies 2.76
- Choosing knowledgeable people to project the future 2.75
- Projecting budget alternatives 2.73
- Using computer technology to project future states 2.73

Foundations and External Funding
- Enhancing partnerships for greater support 7.10
- Expanding financial support with foundations 7.59

Frontloading the Curriculum
- Major issues of "frontloading" 4.65
- Steps involved in "frontloading" 4.83-84

Function Analysis
- Use of, in strategic action plan 1.134-135

Funding. *See* Foundations and External Funding

G

Goals

- Explain goal displacement 8.13
- Explain MBO 8.110-111
- When do we discuss goals? 8.21

Graduation

- Must special education students pass state competency tests to receive a diploma? 6.17

Graphics Presentations

- Choosing graphics programs 7.142
- Using computer graphics in school administration 7.141

Group Decision Styles

- Can teachers make good decisions? 8.45
- What are decision techniques? 8.46-48

Grouping for Instruction

- Avoiding detrimental tracking options 7.29
- Breaking away from "lockstep" schedules 7.35
- Cooperative learning strategies 7.32
- Organizing time in paired blocks 7.30

H-I

Handicapped Children and Special Education Problems

- Handicapped student is suspended or expelled 3.63, 3.80
- How can a teacher set and maintain limits for special education students? 6.29
- Least restrictive environment is challenged 3.78, 3.79, 3.80
- Norm-referenced tests are proposed for student placement 3.25, 3.40, 3.81
- Parent requests review of student's program 3.78, 3.79, 3.80
- Parents must be notified of rights 3.79, 3.80

- Parents of handicapped children disagree with school program — 3.80

Hierarchical System
- Difficulty in changing to shared authority — 8.4
- Why can't we continue the current system? — 8.1-4

Ideologies
- If writing a school philosophy does not work — 4.30-32
- Recognizing educational ideologies — 4.25-30

Implementation and Evaluation
- Macro-level planning, and — 1.113-114
- Mega-level planning, and — 1.94-95
- Micro-level planning, and — 1.131-132

Individualized Education Plan (IEPs)
- Does transition from school to the community have to be on the IEP? — 6.6
- May a summer school program be listed as a service on the IEP? — 6.18
- What if parents aren't happy with the IEP? — 6.4
- What must be included in an IEP? — 6.6

Information, Gathering From Experts
- Finding the right expert — 2.29
- Locating a government expert — 2.30-31
- Searching for information, the purpose — 2.31

Information, Traditional Sources
- Accessing electronic bulletin boards — 2.28
- Finding information in libraries — 2.23-25
- Getting information from associations — 2.25
- Making the best use of government sources — 2.26-28

Information, Using
- Checking the facts 2.15
- Finding experts in government 2.30-31
- Gathering information from traditional sources 2.22-28
- Getting information from experts 2.28
- Getting started 2.20
- Interviewing experts by telephone 2.21
- Making effective decisions 2.19
- Reviewing research to find policy alternatives 2.61
- Using electronic sources 2.28

Instruction
- Knowing when teaching becomes instruction 4.22
- Who supervises instruction? 8.29, 8.40-41

Instruction, Expertise in
- Determining the most promising instructional techniques 9.88
- Developing skills for leaders 9.4
- Establishing the value of authority, expertise, and competency 9.81
- Identifying essential curriculum and instruction skills 9.90-93

Instructional Materials, Challenges and Critics
- Coping with critics and questions on materials 7.90

Instructional Materials, Evaluation
- Conducting "Kid-Ratings" 7.88
- Evaluating and ranking published materials 7.83
- Selecting the best publisher 7.89

Instructional Materials, Selecting
- Assuring selected materials will work 7.87
- Getting and keeping an objective committee 7.66
- Planning selection processes 7.65
- Presenting recommendations to the school board 7.89

J-L

Job Analysis
- Diagnosing jobs 8.124-127

Knowledge
- Problem of "naive realism" 4.25-30
- What knowledge is of most worth? 4.30

Least Restrictive Environment (LRE)
- What is the least restrictive environment? 6.4

Legal Problems, Management of
- Changing laws make it hard to stay up to date 3.15, 3.19
- Confidentiality laws are breached 3.41

- Crimes take place on campus 3.55
- Free education laws are violated 3.33
- Legal problems emerge in the curriculum 3.35
- Parent and student rights cause problems 3.26
- Planning for good school discipline is needed 3.44
- Police wish to enter your campus 3.71

Library Standards and Management

- Priorities in operating a school library 7.93
- Loosely Coupled Systems
- Explain loosely coupled 8.4-10

M

Macro Planning

- Beliefs, values, and 1.105
- Critical success factors related to 1.69
- Improving system outputs 1.98-101
- Mission, and 1.105-107
- Needs, and 1.107-109
- Questions to ask and answer 1.98
- Vision, and 1.102-104

See also Implementation and Evaluation

Maintenance and Custodial Services

- Caring for facilities and resources 7.119
- Fulfilling maintenance responsibilities 7.120

- Supervising custodial services 7.122

Management and Strategic Planning
- Total Quality Management (TQM) 1.143-147
- Total Quality Management Plus (TQM+) 1.148-149

See also Risk Managment; School Site Management

MBO
- Examples 8.110
- Practical use 8.111-114
- References for MBO 8.110

Medical Services
- Must the school provide for the periodic catheterization of a student? 6.16

Medication
- May school personnel urge the use of behavior management medication for children? 6.24
- What are common medications for children with special needs? 6.25
- What are general guidelines for behavior management medication for children? 6.25

Mega Planning
- Beliefs, values, and 1.83
- Critical success factors related to 1.69
- Mission, and 1.79-83
- Needs, and 1.85
- Questions to ask and answer 1.72
- Vision, and 1.73-79

See also Implementation and Evaluation

Methods-Means Analysis
- Use of, in strategic action plan 1.135-136

Micro Management
- Explanation 8.13

Micro Planning
- Beliefs, values, and 1.123-124
- Critical success factors related to 1.69
- Improving products of the system 1.117-120
- Mission, and 1.124-125
- Needs, and 1.125-127
- Questions to ask and answer 1.117
- Relating strategic and tactical planning 1.117
- Vision, and 1.121-123

N-O

Needs Analysis
- Organizational Elements Model (OEM) 1.59-60
- Quasi needs 1.60-61

Needs and Needs Assessment
- Applications of needs assessment 1.55-61
- Knowing the steps of needs assessment 4.33-39
- "Needs" are gaps in results, not insufficient levels of resources or methods 1.52-54
- Resolving problems using needs assessment 1 61

Objectives
- Defining needs, related to 1.52-53

- Preparing 1.48-52
- Seven basic questions 1.63-65

Objectivity
- Can one be truly objective? 4.98-99
- Relationship to independence 4.97-98

Office Management
- Organizing the office for efficiency 7.48
- Streamlining records and reports 7.47

Operability, Administrative
- Anticipating administrative bottlenecks 2.52
- Evaluating organizational supports 2.52
- Measuring capabilities for administrative implementation 2.51

Organizational Design
- What is an appropriate design? 8.2

Organizing Schools for Achievement
- Evaluating administrative actions 7.40
- Using volunteers to expand achievement 7.15

Outcome Indicators
- How to select outcome indicators 4.33-34

P

Pareto Analysis
- Deciding what kind of feedback is valuable 4.88

Participative Leadership
- Define good leadership 8.53
- What are participative leader skills? 8.53

Participative Methods
- How do we train for participative methods? 8.32

Performance Budgeting
- Defining performance budgeting 7.169
- Implementing performance budgeting 7.165

- Measuring benefits of performance budgeting 7.174
- Moving toward performance budgeting 7.164

Performance Review System
- Questions about performance review 8.30, 8.38

Personnel Problems
- Candidate for employment has a drinking problem 3.85, 3.86
- Girls' locker room requires a female attendant but you don't want to be accused of sex discrimination 3.85
- Hiring bias or discrimination is charged 3.84-86
- Personnel files are requested by teachers 3.88, 3.89
- Probationary teacher is performing below standard 3.87, 3.88
- Teachers challenge their evaluations based on procedural technicalities 3.86
- Teachers file an unusually high number of grievances 3.90, 3.93, 3.100
- Tenured teacher is performing below standard 3.87, 3.88
- Workers compensation premiums soar because of your district's accident experiences 3.90

Placement
- How are children placed in special education programs? 6.8

Policy Alternatives, Considering
- Avoiding the same approach to all problems 2.14
- Comparing the strengths and weaknesses of multiple policy options 2.83
- Creating a matrix to evaluate an alternative policy 2.83
- Critiquing the analyst-policymaker relationship 2.73
- Empowering a panel to project the future 2.75
- Evaluating alternatives through cost-effectiveness strategies 2.76-78

- Forecasting the future to solve today's problems 2.73-78
- Uncovering potential factors that can affect policy decisions 2.81
- Using multiple methods to evaluate alternatives 2.11
- Using the computer to forecast 2.74, 2.76, 2.77
- Writing scenarios to evaluate alternatives 2.78

Policy Alternatives, Developing

- Aligning policy alternatives with real problems 2.57
- Avoiding premature cutoff 2.9
- Avoiding the mistakes of others 2.68
- Brainstorming to find new ways to solve problems 2.63-65
- Clarifying the current status of the policy issue 2.60
- Developing baseline information on the solutions used by others 2.62
- Grouping policy problems by causes 2.62
- Keeping the existing system 2.58
- Manipulating strategies to solve problems 2.66
- Manipulating the current organization to find alternatives 2.65
- Modifying the current system 2.58
- Organizing the process of finding policy alternatives 2.58
- Using the six national goals 2.8

Policy Analysis

- Analyzing local problems 2.12
- Defining the term 2.17
- Expanding information search methods 2.31
- Giving analysis, not decisions 2.15
- Using a rational approach 2.4

Policy Choices, Presenting

- Avoiding the long-winded report 2.14
- Figuring out the analysis format 2.11
- Getting the analysis to the policymakers 2.88-90

- Recognizing the impact of oral presentations 2.86
- Recognizing when to stop analyzing the problems 2.90
- Writing scenarios to present policy options 2.79

Policy Trust Agreements
- Replacing the union contract 8.70

Political Analysis
- Sizing up the politics of the problem 2.41
- Using four factors to define the problem 2.42

Political Viability
- Determining impact of policy on relevant distinct power groups 2.50
- Surviving the test of political viability 2.51

Power
- How can power best be used? 8.59

Preschool Children
- Must preschool special needs children be identified by category? 6.3

Principal
- What role in restructuring? 8.7, 8.33, 8.39, 8.97

Privatization of School Operations
- Getting services from the private sector 7.59
- When to avoid privatization 7.62
- When to consider privatization 7.60

Proactive Thinking and Planning
- Basic steps of educational system planning 1.66-68
- Critical success factors related to 1.69
- Mission, and 1.51-52
- Needs, and 1.52-54

- Organizational culture, and 1.142-143
- Preparing objectives, and 1.48-51
- Questions to ask and answer 1.14-16

Problems, Identifying
- Analyzing problems with decision trees 2.39-41
- Applying back-of-the-envelope calculations to problems 2.36-39
- Capturing the politics of defining the problem 2.34-44
- Finding the problem 2.6
- Knowing whether a problem really exists 2.8
- Overcoming the difficulties 2.6
- Using analytical methods to identify the problem 2.36-43
- Using the six national goals 2.8

Problem Solving in Strategic Planning
- Persistent problems, and 1.17-21
- Problem-solving techniques 1.152-158

Process Flow
- Diagnosing process flow 8.124

Productivity in Education
- Cautions and considerations in use of resources 7.158
- Determining whether schools are productive places 4.113-114
- Taking steps to greater productivity in school operations 7.157

Professionalism
- Definition 8.60
- Examples 8.41-43, 8.62-64
- How does restructuring improve professionalism? 8.60

Psychotherapy
- Must the school provide psychotherapy for students? 6.17

Public Information Dissemination

- Building shared vision and communication 7.17
- Unique communication strategies with the public 7.18

Public Relations

- Convincing the public 8.25, 8.110-114

Publisher Relationships

- Avoiding bias with publishers 7.83
- Dealing with publisher representatives 7.85
- Negotiating and contracting with publishers 7.87

Q-R

Quality and Strategic Planning
- Total Quality Management (TQM) 1.143-147
- Total Quality Management Plus (TQM+) 1.147-149

See also Strategic Planning

Quality Circles
- How do they work? 8.49
- Should they be used? 8.48-52

Randomness
- Determining whether standardized tests are appropriate to measure localized curricula 4.66-67

Rational Systems
- Can schools really be goal sensitive? 4.106

Readiness
- What are the signs? 8.31-36

Referral
- How are students referred for evaluation for special education? 6.8

Related Services
- Do services have to be given to special education students to challenge their utmost potential? 6.15
- Must the school provide for psychotherapy? 6.17
- Must the school provide for the periodic catheterization of a student? 6.16
- What related services must be provided? 6.16

Restructuring
- Guidelines for progress feedback after restructuring 8.112-114
- Guidelines for progress feedback during restructuring 8.114
- Strategic planning and changing the system for the better 1.66

Rewards and Recognition
- Avoiding ineffective reward and recognition actions 7.99
- Improving reward and recognition programs 7.101

Risk Management
- Assuming risks facing your school 7.46
- Avoiding risks facing your school 7.45
- Calculating risks facing your school 7.45
- Insuring against risks facing your school 7.47
- Reducing risks around your school 7.46
- Transferring risks away from your school 7.46

Role Assimilation
- New roles 8.33, 8.41, 8.59-61

S

Sacred Cows
- Do we have them? 8.86

Safety
- Achieving consensus on rules 7.99
- Athletic equipment is improperly maintained 3.72, 3.103
- Coaches fail to properly supervise 3.72, 3.73, 3.105
- Deciding how to obtain a safe and secure school 7.97
- Evaluating critical areas of safety 7.106
- Gaining schoolwide consistency in discipline 7.98
- Loiterers threaten students 3.75
- Outsiders invade the campus 3.75-76
- Police enter your campus 3.71

- Shop equipment is unsafe 3.74
- Staff members are inept supervisors 3.70
- Statute of limitations expires 3.71
- Students are improperly supervised 3.69-70

Scheduling

- Auditing school learning time 7.26
- Extending learning with instructional scheduling 7.25
- Scheduling has been traditional 8.86

School as an Institution

- Assessing the school culture 9.102
- Building an institution called school
  - avoiding faddism 9.108
  - implementing the diagnostic/prescriptive development cycle 9.112
    - selecting the right tools 9.109
    - understanding teachers' motives 9.110
    - using common sense and research 9.108
- Building blocks for effective schools 9.106
- Defining and characterizing school culture 9.106
- Diagnosing and prescribing via a development cycle 9.107
- Identifying the glue that holds institutions together 9.97
- Involving people in goal setting 9.101
- Setting clear, "doable," and measurable goals 9.102
- Understanding yourself and how others see you to build trust and openness 9.104

School-Based Budgeting

- Deciding whether to use school-based budgeting 7.159
- Fulfilling responsibilities of school-based budgeting 7.160
- Implementing school-based budgeting 7.161

School Climate

- Building communication for public support 7.3

- Building spirit and vigor in the student body 7.107
- Creating a safe and secure school 7.97
- Getting a cohesive, supportive school climate 7.108

School Culture
- Definition 9.106
- Developing mutual trust and openness 9.103
- Establishing a caring relationship 9.102
- Understanding respect for authority, expertise, and competency 9.106
- Using an assessment instrument 9.105
- Using self-disclosure and feedback 9.105

School Management by Wandering Around (SMBWA)
- Controlling your time 9.82-83
- Definition 9.79
- Determining the benefits of SMBWA 9.79-80
- Doing classroom demonstration lessons 9.87-88
- Eliminating timeworn and inefficient management practices 9.83
  - dealing with the telephone 9.83-84
  - handling mail 9.84
  - reconceptualizing the open-door policy 9.83
  - speeding up and eliminating meetings 9.84
- Establishing people as your main priority 9.81
- Finding time for SMBWA 9.82
- Getting started 9.81
- Knowing what to look for in a classroom 9.85
- Leading by example 9.86
- Letting your secretary help you save time 9.86
- Management practices 9.83
- Managing office demands 9.82
- Scheduling yourself out of the office 9.85

School Membership, Removing Impediments to
- Helping students adjust 9.72

- Helping with difficult work 9.73
- Reducing incongruence 9.73
- Reducing isolation 9.74

School Policy
- Definition 2.2, 2.3, 2.17

Schools
- Keeping administrative practice separate from school policy 2.4, 2.17
- Places of opportunity or sorting machines? 4.73

School Site Management
- Are there case studies? 8.54-58
- How does empowerment work with school site management? 8.43
- How to start 8.16-19
- Is school site management more effective? 8.25, 8.28
- Management choices 8.16-19
- What about training? 8.32

Scoping
- Macro-level planning and 1.102
- Mega-level planning, and 1.72
- Micro-level planning, and 1.120

Self-Policing Behaviors
- Can teachers police themselves? 8.68

Sequence of curriculum
- Determining the proper sequence of a curriculum 4.57-58

Site-Based Decision Making
- Basic ingredients of site-based decision making 4.12-13
- Essential circumstances in selecting 4.12-13

Socialization of Youth
- Defining the school's role as a socializing agent 9.60-61
- Identifying values and beliefs 9.61-62

Spreadsheets and Accounting
- Analyzing data with spreadsheets 7.136
- Using spreadsheet programs in schools 7.137

Staff Development
- Choosing content for staff development is confusing 5.30-32
- Designing effective professional development plans is confusing 5.29-31
- Teachers say in-service is of little use to them 5.30-33
- Teachers say they want to vote on topics for their in-service sessions 5.32-33

Statistics
- Assumptions of standardized tests 4.77-81
- "Normal curve" and its meaning 4.72

Status Quo Analysis
- Creating baseline data 2.60
- Developing a no-action forecast 2.60

Strategic Action Plan
- Completing the plan 1.139-141
- Developing the plan 1.134-138
- Implementing and evaluating the plan 1.94-95
- Managing the plan 1.141-142

Strategic Planning
- Basic steps of educational system planning 1.66-68
- Common mistakes of educators and their partners 1.35-38
- Critical success factors related to 1.69

- Implied criticisms 1.38-39
- Obtaining agreement and reconciling differences 1.89-90
- Phases of 1.27-35
- Questions to ask and answer 1.14-16

Strategic Thinking
- Changing our view of the world 1.6-9
- Setting our direction 1.9-13

Structure
- How to restructure 8.21-39
- Problems with current structure 8.4-10
- What is structure? 8.1-4, 8.13

Student Records
- Can parents see the files? 6.7-8
- Can student files be purged? 6.7-8

Students, Adjustment
- Engaging family and community 9.70
- Planning alternative schools 9.74
- Providing moral leadership 9.71
- Providing support for teachers and students 9.72
- Reducing isolation 9.74
- Using flexible practices 9.75
- Using interdisciplinary teams 9.71
- Valuing diversity 9.65-67

Students, Gifted and Talented
- Do gifted and talented children have IEPs? 6.22
- Must special programming be provided to gifted and talented children? 6.22

Students, Learning
- Increasing learning via scheduling 8.80

Students With English as a Second Language
- Must instruction in English be provided to children with a different native language? 6.22

Students With Mild Learning Problems
- What strategies can a teacher use to support a student with mild learning problems? 6.30-34

Subject Areas
- What's happening in subject areas? 8.73-78

Suboptimization
- What constitutes system success? 4.105

Success. *See* Critical Success Factors

Summer School
- May a summer school program be listed as a service on the IEP? 6.18
- Must summer school programming be provided to special education students? 6.18

Superintendents
- Current role 8.13
- Problems facing 8.1-4
- Problems in sharing authority 8.4
- Role in case studies 8.55-58
- Role in district office 8.36-37
- Superintendent and change 8.93
- Superintendents and principal supervision 8.1, 8.7
- Why power down? 8.59

Supervision
- The elements of good supervision 4.6-7

Support Staff

- Custodial and secretarial staff believe they are not valued because they are given very cursory evaluations 5.130-132
- Getting help in evaluating support staff 5.130
- Librarians and counselors complain that the teacher evaluation instrument is not appropriate for them 5.129

Suspension

- Can special education students be expelled? 6.13
- Can special education students be kept out of school until an issue is resolved? 6.14
- Can special education students be suspended? 6.13

T

Table of Organization
- What's wrong with current TO? 8.10-13

Task Force
- Spell out details 8.100-101
- Who should be members of a change task force? 8.101

Teachers
- As researchers 8.62-64
- If teachers object to quality control 4.50
- If teachers say they don't believe in teaching to the test 4.11-12, 4.65-66
- Issue of teacher autonomy in classrooms 4.13-15

Teachers, Competency

- All teachers should be competent 5.55, 5.57, 5.60, 5.70, 5.72
- Alternatives to dismissal seem unethical but easier 5.123-125
- Attorney encroaches on management prerogative 5.63, 5.71, 5.72
- Climate and morale suffer during dismissal proceedings 5.67
- Disciplinary memos must be complete: What are the ingredients? 5.76-77
- Documenting incompetency should begin immediately 5.60-61, 5.67, 5.74-75, 5.112
- Grievances pile up 5.73
- Incompetency takes many forms 5.55, 5.60
- Instructional deficiencies seem to run together: How can they be specified? 5.60, 5.81-83
- Marginal teachers have files full of high ratings from previous principals 5.67
- Parents and teachers fight dismissal actions 5.67
- Parents complain about the quality of teaching 5.66-67
- Press says you're unjust and cruel 5.67
- Procedures for dismissing a teacher are confusing 5.58
- Teacher says he or she has completed all directives for remediation and is working hard, why don't you rate her or him as competent? 5.67
- Teachers charge that you are keeping documentation illegally 5.74-77
- Tenure prevents dismissal 5.102-103
- When a parent wants to read a teacher's file 5.77
- When you can't decide: competent, marginal, or incompetent? 5.60, 5.62

Teachers, Evaluation and Supervision

- Assistant superintendent wants a personal professional development plan (PPDP) for every teacher 5.48-51
- Evaluation instrument is weak 5.37, 5.40-41

- Evaluator's skills and attitude for conducting teacher evaluations are lacking 5.38
- I'm concerned I'll hurt teachers' feelings if I'm honest about their teaching performance 5.40
- List of dos and don'ts for teacher evaluation is needed 5.51-52
- Observations are disorganized 5.42-46
- Preconferences seem like a waste of time 5.39
- Preparation for evaluation/observation is poor 5.42-46
- Purpose of teacher evaluation is questioned 5.35-37, 5.40
- Teacher deficiencies are difficult to communicate 5.47-48
- Teachers complain that I always use the same technique for gathering teacher evaluation data 5.46
- Teachers do not take evaluations seriously 5.38, 5.40
- Teachers want to know more about the evaluation process 5.40, 5.41, 5.105

Teachers, Hiring

- Applicants are not good 5.3
- Athletic booster club informs you that the next football coach, who must also teach mathematics, must be a winner 5.4
- Hiring only the "best and the brightest" is your goal 5.2, 5.13
- Negligent hiring is a concern 5.10
- Number of applicants is a concern 5.3
- Past applicants have been critical of your interview procedure 5.5-7
- Quality of questions used in interviews seems weak 5.6
- School district recruiting procedure is weak 5.2
- Tone and stage for interviews seems flat and unprofessional 5.5

Teachers, Motivation and Burnout

- Assessing the school environment is confusing 5.21-23

- Assessing your school's potential to foster motivation 5.24
- Criteria for selecting "buddy" and "mentor" teachers seem fuzzy 5.17-19
- Developing reward systems 5.27-28
- Faculty say they are "burned out" 5.24-25
- Induction program is needed 5.16-17
- Monitoring progress of new teachers and mentor/buddy teachers 5.17-20
- Motivation strategies for teachers are needed 5.24-25
- New teachers are leaving your school 5.16-18, 5.26
- Rewards cost money and the school budget is in the red 5.27-29
- School environment is unprofessional 5.21-23
- Teacher satisfaction is low 5.23-25
- Understanding why teachers teach 5.20

Teachers, Supervision Strategies for Marginal

- Classroom management is poor 5.81-84
- Problems deny definition 5.81-82
- Strategies for assisting teachers in developing good classroom management practices are limited 5.91-97
- Teacher claims I have no reliable evidence 5.85
- Teacher denies having deficiencies 5.83-89
- Time on task is low 5.91-93
- Trust is low 5.84-85

Team Teaching

- Definition 8.82
- Examples 8.43-45, 8.83
- How do teams make decisions? 8.45-48, 8.83
- How might team teaching work? 8.43-45, 8.83
- Teaming and scheduling 8.83-86

Technical Feasibility

- Deciding whether effectiveness is a goal 2.46
- Using adequacy criteria to judge a program 2.47

Technology
- Hints for incorporating technology 8.88-89
- Technology's role in restructuring 8.90

Tests
- "Deskilling" of teachers 4.14
- Determining "ethical" testing practices 4.77-81
- How to know whether one is "cheating" on tests 4.81-82
- Teaching to the test 4.65, 4.71-77
- "Test pollution" 4.82

Textbooks
- Should the textbook be the curriculum? 4.67-68
- Textbook/curriculum alignment 4.50

Textbooks, Selection
- Managing the textbook selection process 7.68
- Using rating systems to narrow choices 7.74

Time and Money
- What about money? 8.101-104
- What about time? 8.104-106

Time Wasters
- Can time be restructured? 8.78-80

Training and Development
- Building level 8.32
- Central office 8.38
- Money for training 8.101-104
- Time for training 8.104-106
- Training for change 8.93
- What about technology? 8.88-89

Transition

- Does transition from school to the community have to be on the IEP? 6.4
- How can smooth transitions be implemented? 6.28

Transportation Services

- Maintaining vehicles and safety 7.52
- Managing your duties, policies, and operational control 7.51
- Supervising drivers 7.52

Twenty-First Century Schools

- What are population projections? 9.65-67
- What is the demographic profile? 9.68

U-W

Unions
- How to work with them 8.69

Validation Matrix
- How to "validate" curricular outcomes 4.35

Volunteer Programs and Alternative Staffing
- Gaining additional help in support areas 7.11
- Increasing limited instructional resources with volunteers 7.13
- Setting up and operating a volunteer program 7.15

Voting. *See* Faculty Vote

Vouchers
- Where do vouchers fit into restructuring? 8.17-19

Word Processing and Desktop Publishing
- Publishing with desktop applications 7.136
- Selecting a word processing program 7.135

Work Groups
- How do they decide issues? 8.45-48
- Should work groups have leaders? 8.52
- What are school work groups? 8.43-45

The *Successful Schools Series* includes:

1. **Mapping Educational Success** Roger Kaufman
2. **Shaping School Policy** Karen S. Gallagher
3. **Avoiding Legal Hassles** William A. Streshly and Larry E. Frase
4. **Deciding What to Teach and Test** Fenwick W. English
5. **Maximizing People Power in Schools** Larry E. Frase
6. **Meeting the Needs of Special Students**
   Lawrence J. Johnson and Anne M. Bauer
7. **Making Schools Work**
   William K. Poston, Jr., M. Paula Stone, Connie Mumer
8. **Power to the Schools** William J. Bailey
9. **Leading Into the 21st Century**
   Fenwick W. English, Larry E. Frase, and Joanne M. Arhar
